Steps

1. Take a triangle section with rounded edges at the top of the head, leaving out a centimetre of hair at the hairline, ensure the base of the triangle is at the hair line and the point towards the crown. Take another triangle at each side of head angling forward towards the face.
2. Pre-lighten the triangle sections with Affinage Lite N Up, rinse product when a level 8 – 9 is achieved. Rinse, lightly shampoo and dry.
3. Apply Grenades Fireworx to pre-lightened sections.
4. Apply Gothic Black to remaining hair (full colour), process for 30 minutes.

Tip : To increase the longevity of Colour Grenades when applied to pre-lightened hair use an Affinage conditioner or White Ice Protein Spray after rinsing to lock and seal in colour.

Styling

Spray on Defender for protection then apply Smoothie for style support and direction. Dry smooth and spritz with Glazer shine spray for instant sparkle.
