Seductively Sultry Diamond Activation Technology™

Technique

Natural Base	5
Global Colour 1	4.17 + 3% Infiniti Developer
Feature Colour 2	1 part Infiniti 6.007+ 6% Developer

Steps

1. Section a star shape at the top of the head.
2. Place foil along the outside edge of the star, mix and apply the feature colour.
3. Mix and apply global colour to the centre of the star shape and remaining hair.

Step 1

Front hairline

Step 2

Front hairline

Step 3

Front hairline

Styling: Create this look by first applying Essential Oils 24/7 Heaven for heat protection and condition, follow with Sapphire Ice Smoothie to ensure a silky smooth finish. Using a large round brush blowdry hair creating volume at the root area and a rounded finish on the ends. Complete the style with Sapphire Ice Enforcer to control any possible frizz for all day wear.

Colouring Option: This technique can be varied to change the effect on the end colour result. Increase the star outline (thickness) to create bold flashes of colour or decrease the star outline (thickness) for a soft shimmer of colour. Alternatively introduce a 3rd colour to the outer star section for a progression of colour depth or bold contrast dependant on choice of colour.
